About The British School of Barcelona

Since its foundation in 1958, The British School of Barcelona has been a great independent school characterised by the pursuit of academic excellence as well as the importance attached to the personal and social development of each and every pupil. It is an inclusive three-form entry school with over 1020 pupils aged 3–18. While it follows the English National Curriculum all the way through as an educational establishment fully accredited by the British Government, it also meets the requirements of the Spanish curriculum for foreign schools in Spain. In addition to academic learning, the other main pillar of the school is the Enrichment Programme, which makes it possible for all children to realise their potential, including those with special needs as well as exceptionally able students who must be stretched and challenged.
